

Underbank Primary Summer Celebration Grid

Our final learning grid of the session will focus on the end of term celebrations that would normally take place during the last part of term 4. As always, you can share one photograph of your event to Mrs Millar and we can celebrate this on Twitter.

<p>Think back to celebrations that you have participated in whilst at Underbank. Can you create an order of service for your very own family summer celebration?</p> <p>It is normally held in Crossford Church and involves singing, celebration of achievements and sharing highlights from our busy year.</p>	<p>Such is the demand to attend our end of year celebration, we would like you to design a ticket for your event!</p> <p>Remember to include information about what the event is called, where the venue is, start time and any other important information.</p>	<p>Mrs Millar uses our summer celebration to thank the many people in our school community who work hard to make great things happen in our school. Can you think of some of the people we could thank at Underbank?</p> <p>Write a thank you speech or make a thank you card for one of our many friends of the school to thank them for all that they do for us.</p>
<p>At this years Leavers' Celebration, P7 and Mrs Drennan shared their favourite memories of this year. Do you have a favourite memory from school?</p> <p>Think about all the fun times we have had together, and chose the one that made you smile the most. Share this with someone at home.</p>	<p>A large part of the summer celebration is giving our medals and trophies to children across Underbank who have a sporting or other achievement.</p> <p>Design and make a trophy or medal that could be presented to each member of your family during your own celebration.</p>	<p>Certificates are also given out at our service. Some of these include swimming certificates and outdoor residential certificates.</p> <p>Make a certificate using your IT skills for someone you know. It could be for something kind they have done or for being a good friend!</p>
<p>During the celebration, each class sings a song and sometimes percussionists accompany them. Decide on 2 summer time songs to learn together with someone</p>	<p>Our Primary 7 leavers usually spend a long time preparing for the leavers' show. They create a production to entertain us one last time. In the past this has included</p>	

Underbank Primary Summer Celebration Grid

<p>at home. You could use any instruments you have to create a band to support you. Remember, if you don't have a drum, a pot and spoon make a good alternative!</p>	<p>dance routines, acted out games show quizzes and many other shows.</p> <p>Can you create your own piece of drama or dance for your family celebration. If you are able to record this we can tweet it for all to enjoy!</p>	<p>Hold you family summer celebration, present all the items you have made and take a photograph during the event to send to Mrs Millar.</p>
